Objective

I seek challenging opportunities where I can fully use my skills and knowledge from my qualifications to the success of the organization.

Summary

- Seeking a position in the field of Data Science
- Looking to enhance and explore my technical knowledge
- Goal driven individual with knowledge to utilise the skills
- Ability to make useful and insightful analytics for the problem statement
- Ability to build a data-model for advanced analytics
- Proficient in using notebook based environments for effective data analysis

Education

- **Annasaheb Vartak College of Arts, Commerce, Science, Vasai**
Bachelor Of Science in Information Technology, 2022
7.35

Skills

- Python
- Data Analysis
- Data Modeling
- Machine Learning
- Data visualization
- Data Science

Certifications

- **Data Science**
Simplilearn, Apr 2022 to Nov 2022
- **Supervised Machine Learning- Regression and Classification**
Coursera, Aug 2022 to Sep 2022
- **Machine Learning Advanced Certification Training**
Simplilearn, Jan 2022

Projects

- **Diabetes Prediction**
Oct 2022 to Nov 2022
A capstone project for the Data Science programme, used various Machine Learning methods to classify whether a person has diabetes.

Achievements & Awards

- Qualified and scored 72% in Coursera's first ever Data Science coding competition

Personal Details

- Date of Birth : 06/03/2001
